

How Does God Want Us to Think About The Inspiration of Scripture?

INSPIRATION CLAIMS...BUT, HOW INSPIRED IS INSPIRED?

- II Peter 1:16, 19-21

- II Timothy 3:16-17

- Do you see the “level” of inspiration being claimed? The very thoughts and words are all said to be from God, without men getting in their way with interpretation.

Why does vocabulary, education level, writing styles show through the text?

Did Inspiration Work The Same Way With the Apostles?

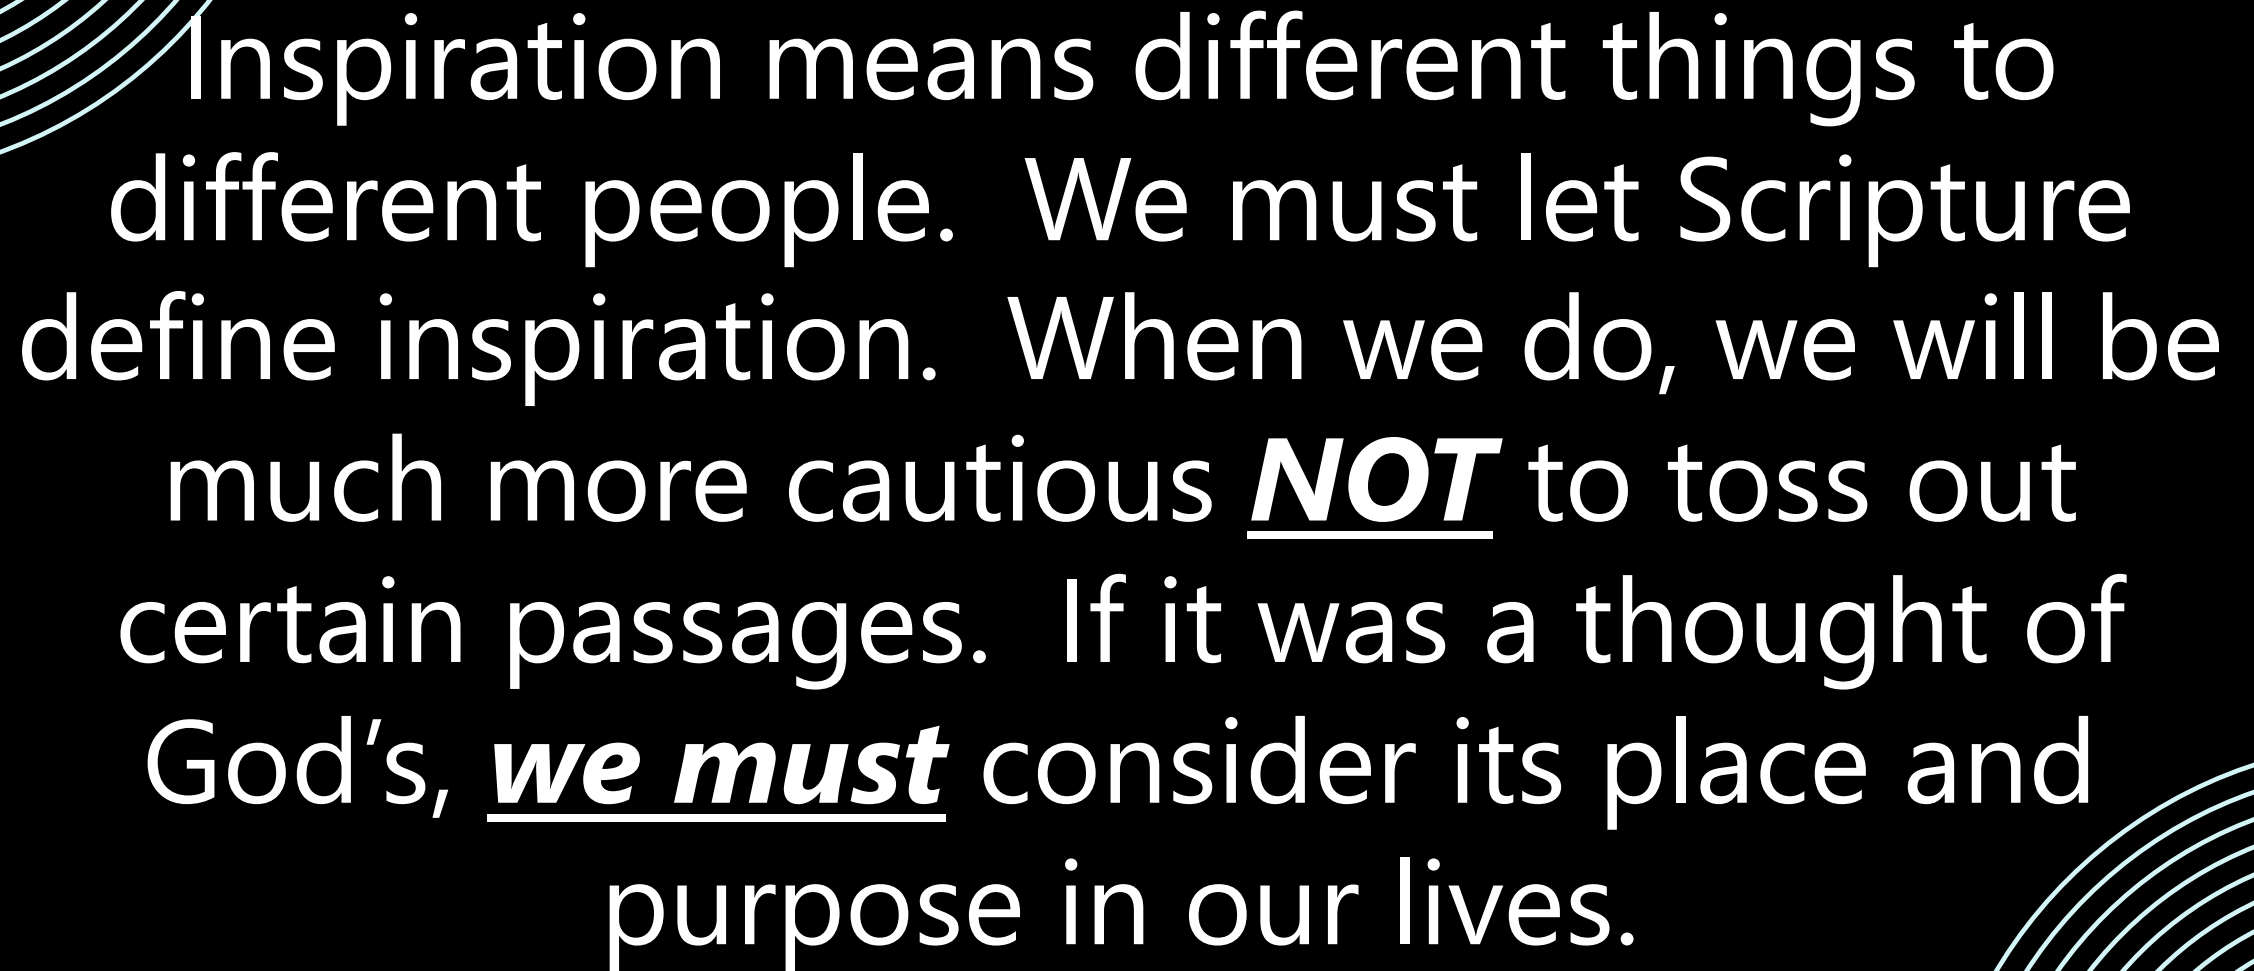

- ❖ Peter viewed Paul's writings as inspired and grouped them with other Scripture.

II Pet. 3:14-16

- ❖ Jesus sure thought the apostles would be inspired to the same degree.

- ❖ John 13:20; John 14:26

Inspiration means different things to different people. We must let Scripture define inspiration. When we do, we will be much more cautious **NOT** to toss out certain passages. If it was a thought of God's, **we must** consider its place and purpose in our lives.
