# **A Christian Nation...**

## **Persecuted By A “Christian Nation”**

- **1 Peter 4:12 – Has it become a “strange thing” to encounter trials as a result of our faith?**
- **Perhaps a lot of our discouragement comes from intertwining our country’s morality with our own identity. Remember that the church and the nation are two separate entities, each serving a distinct divine purpose. The failure of the latter can never impact the victory of the former.**

# All This Talk Of Decline

- We should not be discouraged when people talk about the decline of “religion” or morality in a country. It has never been about the numbers to God (John 6:66-69).
- *“Once no one goes to church except to seek Christ, then the number of actual believers can be discovered”* (CS Lewis).
- Trials prove what our faith is made of (1 Peter 1:6-7). We should be grateful for this!

**“Lord, they have killed Thy prophets, they  
have torn down Thine altars, and I alone  
am left, and they are seeking my life”**
